Section 2

Student Charter: 2017-2018

The student charter is written and reviewed by the new school prefects each year and tries to focus on the key issues and legacy which they wish to create during the academic year.

Opportunity	<ul style="list-style-type: none">• Embrace everything that the school offers• Everyone should be encouraged to try something new

The student charter should be read and developed by reading further sections from the behaviour policy. This can be found on the web-site and the key points are printed in the school diary eg 'Taunton School Rules' and the ABC of life at Taunton School.

Each year the School's Student Charter is developed still further with the prefects from each house writing their own charter for each house. In so doing the school hopes that the (Good) Behaviour Policy reflects the needs and wishes of the students in each house giving them ownership, care and empowerment to lead their houses and develop their own legacy. Examples of these will appear in this policy during the year.
