Academic Achievements

We use nationally recognised tests in the core subjects and the results obtained by pupils in Year 7 and 8 tell us that they are on track to achieve 7s, 8s or 9s in over half of the GCSEs that they will sit.

Although we are non-selective, our Year 8 pupils recorded the following results:-

- English – our average Year 8 pupil attained a score in the top 23% of the national sample
- Maths – our average Year 8 pupil attained a score in the top 18% of the national sample

- Science – our average Year 8 pupil attained a score in the top 37% of the national sample

In Year 8, eleven pupils had Academic (or All-rounder) scholarships and, in Year 6, six of our pupils met the stringent criteria to become academic scholars.
