WELCOME FROM THE PRINCIPAL

At Taunton School International we strongly believe that we have a unique offering. An International Middle School located in a beautiful, traditional Manor House, providing a stepping stone into British Education for 8 – 14 year olds, and an International Senior School offering GCSE/Pre-IB as well as Pre-Foundation/Foundation programmes for students aged 14-18.

We are passionate about meeting students' individual needs and preparing them academically, socially and pastorally for their next school, for university, their career and the endless possibilities that lie ahead of them in the twenty-first century.

Our aim is to challenge every individual student to reach their potential. Academically, students are taught by our subject specialist teachers, experienced in delivering English as an Additional Language (EAL). They are here to help our students develop confidence, independence and lifelong skills.

Socially, our students have a wide range of activities on offer to them and we encourage them to participate in the wider community outside of their lessons. Some of the many activities offered include music, swimming, golf, and horse riding and they join the Taunton School boarders for a full programme of social events and cultural excursions.

Pastorally, students get a lot of individual support and care from our dedicated and caring house staff. We have over twenty years of experience in caring for international students at Taunton School International and continue to focus on nurturing the whole student.

If you would like to visit and see for yourself, please get in touch with our Admissions team.

We look forward to welcoming your son or daughter to Taunton School International.

ABSENCE FROM SCHOOL

Your child must attend all lessons throughout the school term (lessons end on Saturdays at 12.10pm). If for an emergency your child needs to leave school/miss lessons, the absence must first of all be authorised by the Head of TSI, Mrs Camilla Bryden.

If you wish to submit an absence request for your child, please email the full absence information to our Travel Coordinator, Mrs Amanda Davies, on tsitravel@tauntonschool.co.uk a minimum of 5 days before the absence leave date.

Students can only miss a maximum of 2 school days/nights per term, and the child must remain with an adult over the age of 25 during their absence from school (please refer to our Guardianship policy for further details).

The school reserves the right to refuse or withdraw an absence request, however we always try to be as accommodating as possible.

To enhance your child's social and inter-personal development, all students are requested to remain in school throughout the weekend during term time.

Please note that if your child is studying with us on a Tier 4 Child Visa, it is a requirement that their attendance must be above 80% each academic year. Should your child's attendance fall below 80% then we are required to inform UK Visa and Immigration who may then withdraw your child's right to enter and study in the UK.

GUARDIANSHIP POLICY

With reference to the Children Act (1989), the Protection of Children Act (1999) and the Care Standards Act (2000), Taunton School, in promoting and safeguarding the welfare of every student, requires parents who do not live in the UK to appoint a guardian to act on their behalf. Arrangements for this should be made by the parents and is their responsibility. The law protects the rights of children and makes 'proper and appropriate care' a compulsory requirement. The UKVI (United Kingdom Visa and Immigration) authority also require a letter from parents confirming the care arrangements that they have put in place for their child as part of the visa application.

A guardian is not a child's legal guardian so does not have legal rights to make major decisions relating to the child. Such rights will remain with the parents. However, guardians are the parents' representatives in the UK and are essential in times of emergency. They have a pupil welfare role, bridging the gap between parents, the pupil and the school.

During term time the school is legally responsible for each pupil's welfare, and undertakes parentally delegated responsibilities. However, there are times (half term holidays, or when a child is suspended, etc) when the school must be able to hand over these parental responsibilities to another adult – a properly appointed guardian.

Guardian Eligibility:

- Must be over the age of 25 years.
- Must be resident in the UK and not involved in travel overseas other than for holidays.
- Must not be in full time education.
- Must agree to the necessary searches required under current legislation to be carried out on all adults (over 18 years) residing permanently in their household.
- The guardian must have appropriate accommodation with space and facilities for the student to stay (in the case of an emergency or suspension). It is recommended that the student is provided with their own bedroom and study space.
- Any visitors to the home of a guardian should not be left alone with the student at any time.
- Preferably, must live within a 3 hour radius of Taunton School, either by car or public transport.

The responsibilities of a Guardian:

- To provide support and guidance on welfare and educational matters as appropriate to the age of the international student and be available to attend school functions and meet staff to discuss student's progress, as necessary.
- To be a 24 hour point of contact for parents, student and school and be available and willing to deal with immediate problems or emergencies, including for example, the removal of an international student from school or for illness and hospital admissions.
- To notify the school of any change of address or contact information and inform the school if not available to contact or receive the student (e.g. holiday). In this instance, it is the responsibility of the guardian and/or the parents to appoint another emergency contact and to inform the school accordingly.

- To liaise with the School over holiday and travel arrangements. The School must know the exact details of the student's accommodation and methods of transport, which should be appropriate to the age of the student. If travel arrangements do not coincide with beginning/end term dates, the guardian must be prepared to provide stopover care.
- The guardian must not accept paying guests, or to be running a bed and breakfast, within their own household whilst providing guardianship services for an international student under the age of 16 years.
- To exercise the same appropriate degree of care and supervision as a responsible parent in allowing an international student to stay somewhere other than in the guardian's home.
- To never allow the student to reside where there is no means of contact by the guardian or the parents except in special circumstances, for instance, when on an expedition with parental consent.
- To respect the rights, religion and customs of the child.
- To make arrangements for medical care, as appropriate/necessary.

Please note the following points:

- If a guardian has not been nominated by the time the student starts at Taunton School International or the appointed guardian is considered by the school to be unsuitable or unsatisfactory, the school reserves the right to appoint a new guardian and the costs must be met by the parents.
- A member of School staff will contact the appointed guardian in the first few weeks of the new academic year to confirm contact details. A representative of the school or Guardianship Organisation may also inspect the suitability of the accommodation once a year, if required.
- We urge guardians to be very clear about their areas of responsibility. If in any doubt, please check this with Taunton School or a Guardianship Organisation.

Please note that TSI works closely with many Guardianship agencies and for further information, please refer to our list of recommended Guardianship agencies in the separate document.

Once you have chosen your guardian please [click here](#) to complete the guardianship form and return to admissions@tauntonschool.co.uk

SAFEGUARDING

The safety and wellbeing of all our students is of paramount importance to us and at Taunton School, we have robust systems in place to ensure our safeguarding procedures and practice are of the highest order.

In all schools in the UK, there must be one person who has overall responsibility for the safeguarding of children under the care of the school and this person is called the 'Designated Safeguarding Lead' (DSL). At Taunton School, our DSL is **Mr Ed Burnett** (Deputy Head at the Senior School) and the Deputy DSLs are Mrs Gill Foster and Mrs Nell Rosser.

The DSL is supported by Child Protection Officers (CPOs). At TSI the CPO is the Deputy Head, Mrs Lyndsay White.

Parents are welcome to approach the Designated Safeguarding Lead (or Deputy DSLs) if they have any concerns about the welfare of any child in the school. If preferred, parents may discuss concerns in private with the child's Housemaster, Housemistress, Tutor or the Principal who will, where appropriate, notify the DSL in accordance with these procedures. If the Designated Safeguarding Lead is unavailable, his duties will be carried out by one of the Deputy DSLs.

BOARDING PRINCIPALS AND PRACTICE

Our boarding practice aims to:

1. promote the health and welfare of each individual and access to economic well being
2. encourage physical, spiritual, moral, social and cultural development
3. develop a sense of identity in a community through common practice and activity
4. embrace partnership with parents, guardians and agents through effective communication.

We want our pupils to be fulfilled and happy and, at the minimum, this means they must feel secure and properly cared for by well qualified and experienced people who are well disposed to children and continually updated through appropriate INSET.

A boarding education provides a wealth of opportunities to encourage the all round development of both the individual and the community. It is a fertile field for the transmission of sound values.

We recognise the need for privacy, countering the possibilities of bullying and the abuse of all sorts of power and transcending the narrower values of an essentially teenage culture.

Our aims are realised by, among other things:

- clear communication of the principles to and by those with boarding responsibilities
- acceptance and adoption of these principles by those with responsibilities
- implementation of appropriate policies and processes in the areas of pupil welfare
- monitoring policies and practice and measurement and evaluation of boarding standards
- dissemination of good practice through effective teamwork and communication
- development of a sound model of pastoral care, appropriately staffed
- appropriate physical conditions of at least minimum care standards
- training and induction of those responsible for boarding
- providing an organised and rich programme of activities beyond the curriculum.

Additionally, Taunton School International (TSI) aims to encourage students to develop independence and confidence in British culture. We recognise the extra problems that international students may have in adjusting to a culture and value system that may be very different from any that they have experienced. We aim to be sympathetic, but clear and consistent in the messages that we are sending to our students to enable them to adjust as quickly and painlessly as possible to a new set of expectations.

THE MODEL

TSI is a mixed boarding house known internally as Foxcombe House. It is home for up to 82 students, aged 14 to 18, from many different countries.

The boarding is split into male and female houses at TSI which are led by the residential Housemaster (boys' house) and Housemistress (girls' house) who report to the Deputy Head. In each boarding house, there is an Assistant House Master or Assistant House Mistress.

Additionally there are two residential male Graduate Resident Assistants (GRAs) and one female GRA and a Matron;

Each student is also allocated a house tutor from the academic staff who monitors their welfare as well as their academic progress.

There is an ongoing programme of refurbishment and redecoration, which underlines our commitment to high quality boarding.

Our 'mixed' boarding houses allow students the opportunity to mix with a range of people of different talents, cultures and background.

Some key elements in our practice:

- Expectations and policies are agreed and understood
- The Deputy Headmaster is the school's appointed Designated Safeguarding Lead
- The Principal meets regularly with the Deputy Head and Head of Middle School on an informal basis and weekly on a formal basis to discuss both immediate and far-ranging issues
- The Deputy Head meets daily with the other House staff on an informal basis and weekly on a formal basis to discuss both immediate and far-ranging issues
- There are house staff meetings weekly for all pastoral staff to meet and discuss any areas of concern
- All staff, both pastoral and academic, meet weekly to discuss any immediate or far-ranging issues
- There are clear channels of communication, including a house diary, for all members of the team to flag up any areas of concern daily
- All staff on the pastoral team receive induction when they join TSI
- There is a formal appraisal system for permanent members of house staff and informal feedback for GRAs

- Policies are constantly reviewed and amended annually, as appropriate
- There is a clear induction procedure for all students, whether they arrive at the start of the academic year or in-year
- Prefects are appointed to represent the concerns of the student body to the House parents through a system of weekly meetings
- There are two weekly meetings for students - a formal Assembly organised by the Principal and a House Meeting organised by the House staff
- The Deputy Head carries out regular checks in all the boarding houses to ensure students are being well looked after and that procedures are being followed appropriately
- Taunton School employs five nurses (one a specialist Mental Health nurse), two doctors, two counsellors and a Chaplain
- The Principal, Head and Deputy Head are available every morning between 0800 and 0830 to all members of the community to discuss any matters of concern
- Two independent listeners from outside the school are available for boarders to talk
- The expectation is that all students will be involved in extra-curricular activities throughout the working week and weekend
- There is a weekly cross-school Boarding Meeting (chaired by the Head of Boarding and attended by the Boarding House from the Senior School, TSI and the Prep School)
- Within three weeks of arriving at TSI, all parents &/or guardians will be contacted via email, providing a brief update on how their child has settled into boarding school life.
