SAVING LIVES AT SEA

On Wednesday 24th of November, year 11 students Joe and Gabriel were featured on BBC's *Saving Lives at Sea*. We are really proud of both boys, and in awe of the tremendous role played by the RNLI in keeping us safe.

All of us are very proud of both Joe and Gabriel. There is no doubt that their efforts that day were life changing for the family involved, and the outcome could have been very different without their quick action. I have every confidence that the strength and experience they have gained through both their lessons and co-curricular activities here at Taunton School gave them the skills and strength needed until the RNLI arrived. They certainly demonstrated the core values that we value in Marshall House.

The episode is available to watch on BBC iplayer.

Philip Edwards, Housemaster of Marshall / Teacher of Maths

The Week Ahead

Saturday, 28th November	8.30 - 8.55 - Chapel and Enrichment 8.30 - 9.00 - Year 11 Tutor Meeting
Sunday, 29th November	Boarders' Brunch 14.00 - 17.00 - Boarders' Activity - Conservation Work in Stover
Monday, 30th November	-
Tuesday, 1st December	8.30 - 8.55 - Chapel 13.15 - 14.15 - School Council Meeting 15.45 - 17.00 - Year 9 and 10 Enrichment
Wednesday, 2nd December	8.30 - 8.55 - Headmaster's Assembly 17.05 - 17.30 - Tea-Time Concert, Chapel
Thursday, 3rd December	15.45 - 17.05 - Year 11, 12 and 13 Enrichment 18.45 - 21.00 - Year 13 Formal Christmas Meal
Friday, 4th December	Christmas Jumper Day 8.30 - 8.55 - Scholars Sessions 9.00 - 9.05 - Deadline for Academic Reports - All Years 18.30 - 19.45 - Burke Debate

"A time to reflect on those who protect"

A collection of Haikus were written by students, teachers and teaching assistants at Taunton School to commemorate Armistice Day.

A time to reflect...

Charles Albert Hendrick
Seventeenth Dogra rifles.
Served at Singapore.

Sir Ian Mackay
Took part in the Falklands War
Led 600 men.

On those we have loved and lost...

Benjamin E Weech
Artist, scientist, 'Grandad' -
Wartime survivor.

He faces the fire
Stumbling onto No-man's Land
There is no way back.

But never forget

My Grandfather
Served to protect and keep
So others survive.

A new distant land
Little boy lost far from home
Bloodshed never ends.*

**Nikola Jovanne Lalic was 14 years old and living in Serbia when all the male members of the families who lived there faced massacre. He managed to escape by running away, but this meant he would leave his family behind forever. He said his final goodbye to his parents and came to England where he joined the army at the age of 14 and fought for the remaining 3 years of the war. He had lost contact with the majority of his family back in Serbia and, knowing that he was a public enemy back in Serbia, he lived the rest of his life in a foreign country aware that, if he had dared to return home, he would be killed because he had fought for the English army.*

Clustered poppies grow
In remembrance, loved and lost
They live on forever

Timelessness, stillness
Perpetuation of peace
For those who we love.

One million lost
Their bodies not in the fields
Yet their souls endure

The brass glades through fields
Their tomorrow gave us our
Today. Remember.

When guns cease fire,
We will stop and remember
Vast fields of poppies.

Endless fields of blood -
Poppies raising nodding heads:
Time to remember.

Flowers in the wind
Rows of upturned poppy heads
Growing in the fields.

A field of bloodshed;
Bombs explode all around
Shattering heroes

A crimson poppy
Flutters on our coats today
For those we have lost.

The hate of gunfire
Trenches strewn with bodies
Silence eternal.

Bodies lying still
Soldiers that we knew and loved:
Lest we forget them.

Poppies blazing bright
Silence soars in the churches
Heroes fill our minds.

A symbol of hope
In times of uncertainty;
It promises peace.

They take their place now
In the sky's protective hands
Never forgotten.

Blood red poppies bloom
To remember the soldiers
Who died for us all.

A sea of crimson
Flutters through far away fields
Honouring the dead.

I have lost my friends
Now my hands drip with their blood
Soon may the pain end

For those we have lost

May your memories remain

Etched deep in our hearts

DT student Lisa Lauffer in the spotlight

Student profile: Lisa Lauffer - IB Design and Technology

Lisa initially joined the school in TSI, where she spent her first year here in the UK. Lisa made the wise choice of selecting GCSE Design and Technology as one of her options in TSI. The GCSE DT course at TSI is very tough. No other course has a student carry out a significant level of coursework, and to written exam papers. From the start she proved to be a very able, and talented DT student. Her attention to detail is particularly impressive.

Lisa applied, and was successful in gaining a 16+ Design and Technology scholarship, and choose Design and Technology at higher level in the IB.

By choosing Design and Technology at higher level Lisa has been able to develop are knowledge of the subject in a number of different ways. Design and Technology at IB has a global outlook. Its focus is very much on how the design, manufacturing method, material used, and disposal of a product impacts the planet.

Lisa has produced a variety of projects throughout her Design and Technology journey. She is current at the final stage of her coursework (IA), that is a design thinking project.

Lisa has a keen interest in Architecture, and is planning on studying this at University. The IB pathway is excellent for this, as it contain a level of Maths, and you can do Physics alongside Design Technology if you wish.

Glyn Bough, Head of DT

Making History in Debating

History was made on Friday 20th November, when the first ever live streamed Burke Debate took place – in the chapel! Tech magician Thomas Dunn worked his usual magic by rigging up a series of cameras and mics, as well as configuring Microsoft Teams, so that we could welcome aboard our potential Academic Scholars for next year, all of whom watched the debate live along with many of our society and community members. According to Mr. Dunn, the recorded version of the debate has now been viewed nearly two hundred times, which is fantastic. It is our hope that in future all Burke Debates can be live streamed. But we're not quite there yet!

The debate motion for this particular debate was rather niche: This House would criminalise cryptocurrencies. However, the debaters gave some excellent speeches, handled some specific and tricky questions, and provided us with a good insight into the pros and cons of such a currency as well as how to structure and deliver quality speeches, rebuttals and responses.

Thank you to all the debaters, and Chair, and to those who tuned in – and best of luck to all those taking part in tonight's Senior Inter-House Debating and Public Speaking competition!

A report on that event will appear in the next edition of the Courier.

Rick Kirtland, Head of Academic Scholars and Debating

TSI mark Anti-Bullying Week

Even in this modern age of acceptance and individual expression, bullying is, unfortunately, still a problem that society has to deal with relatively frequently. Often stemming from the personal struggles of the bully themselves, studies have shown that 40% of young people experienced acts of bullying in the last 12 months (www.anti-bullyingalliance.org.uk), with 6% experiencing it daily, and 9% experiencing it weekly or monthly. It is a problem that holds prevalence within our current social climate, and one that requires careful attention to remove from schools and workplaces.

From 16th to 22nd November we at TSI celebrated National Anti-Bullying Week, with a number of activities put on by our Graduate Resident Assistants to help enforce and celebrate our stand against bullying. Throughout the week, the students and staff were encouraged to partake in Random

Acts of Kindness, be it holding a door open for someone, buying a chocolate bar for someone, or giving someone a nice tea to take a break with. The Foxcombe site also left messages of encouragement with each other, giving people a small pick me up and supporting one another. At the weekend, the GRAs also created a piece of art, a mural, against bullying. Having painted a tree trunk, the students all painted their hands and made hand prints to make up the body of the tree. Accompanying the tree was the text 'Lending a hand against bullying'. This piece will soon find a permanent home somewhere on the Foxcombe site.

Bullying accounts for more mental health problems than one might assume too; about 20% of those bullied as young people go on to experience mental health disorders to such an extent that medical intervention is necessary in their future lives (JAMA Psychiatry Journal). With International Men's Day, a day designed to explore the role of 'masculinity' in culture, on Thursday this week, it seems poignant to explore also the role of toxic masculinity in bullying in schools, and the development that educators seek to follow in preventing bullying between young people. Bullying is never one-sided, and it is equally vital to look deeper at the troubles of the perpetrator and offer help as it is aiding those who are bullied.

It has been a pleasure to see how together the students and staff stand against bullying, and how positively everyone reacts to simple kindness around the Foxcombe campus. Benefitting from random acts of kindness, or simply being aware they happen, gave everyone a moment to smile, and a reminder that we all, wherever we are from, whatever we believe, stand together for Anti-Bullying.

At Taunton School International, one thing is for certain, we do not stand for bullying. It is so deeply engrained in what it is to be a student at the school that being in breach of this goes against what TSI, and indeed Taunton School as a whole, represents. The staff, both academic and pastoral, work hard to maintain healthy student relationships, especially in an environment where numerous nations, cultures and faiths come under one roof. Ensuring the students feel able to approach staff, or indeed each other, encourages a groundswell of support and positivity, allowing for healthy relationships to flourish.

Ben Wilkinson, TSI GRA

Meet the School Sous Chef - Neil McKellar

What is your job role?

I'm Senior Sous Chef which means I work with Head Chef Lisa Richards in managing and running the school kitchen and catering department.

How has the Autumn Term gone so far? What impact have the new restrictions had on the catering team?

It's been tough but rewarding. We are working in a brand new state-of-the-art kitchen and can't use it to its full potential. It's been designed to facilitate a self-serve system, but we can't yet adopt that approach so are serving meals to our students. As a team we have adapted and overcome all obstacles and keep serving to our usual high standards.

What led you to become a chef?

My parents ran a boarding house and I helped my mum with the cooking. I've never looked back!

What do you enjoy most about your job?

It's the people that make my job so rewarding and of course the satisfaction at the end of service of a good job done!

What do you find most challenging?

Getting up in the morning (I arrive at work at 5am!), and not being able to offer more options because of the restrictions at the moment.

How do you 'switch off' from your job at the end of the day?

Watching TV, metal detecting in the summer and walking the dog.

Quick Fire Questions...

Favourite Film – Star Wars

Favourite Book – Stephen King – Christine

Hobbies – Metal Detecting

Any Pets – Dennis (a Border Terrier), Jeremy (a duck), Sarah, Salt and Pepper (chickens)

Favourite singers/bands – Queen

Favourite TV Programmes – American Pickers, Neighbours

Any Claims to fame? - I was once featured in the Good Food Guide, I've made the food for a Tefal advert and I've served the Queen!

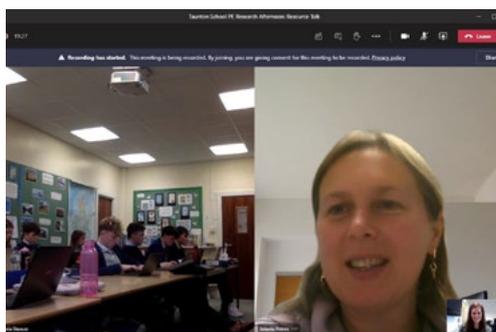

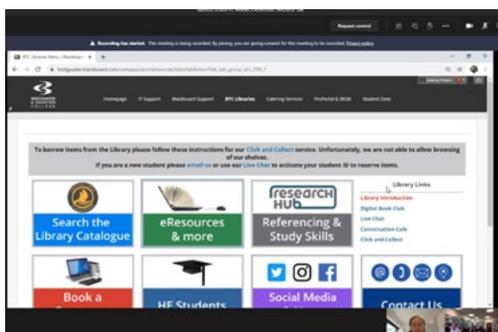

Upper 6th BTEC Virtual Library Session

This week the Upper 6th BTEC group took part in a virtual workshop with Bridgwater and Taunton College. The workshop was an opportunity for the students to use the Library services to conduct some research for their Sport Science projects based on notational analysis for performance criteria in their chosen sport.

The workshop, usual taken place at the College was an exciting chance to learn how the library services worked with guidance from the welcoming staff at Bridgwater and Taunton College. The range of resources, from articles journals and ebooks on offer was perfect to ensure the the students gather a range of reputable resources for their literature reviews.

We thank Bridgwater and Taunton college for making our usual visit still happen.

Victoria Stancer, PE Teacher

Boarders get a headstart on Christmas

Christmas arrived early in Weirfield this week as the girls decided to get a head start on their festive celebrations by putting up the Christmas tree and bedecking the house in a crazy amount of tinsel. Accompanied by some classic Christmas tunes, the girls dressed the house beautifully and also spent time making and decorating gingerbread houses. Eager to spread some Christmas cheer and raise money for good causes, the House Prefects have been making and selling Christmas sweetie cones around school whilst the younger years are busy rehearsing their performances for this year's House Talent Show. Christmas may look a little different in 2020 but it is still the most wonderful time of the year!

Laura Brayley, Housemistress Weirfield

Q&A with Nick Westwood (Creative Director at Gfinity PLC)

On Monday 23rd the YR13 students were given their pre-released case study for their upcoming examination (January 2021), and were tasked with researching and analysing the current market for Esports within the UK. Unfortunately, this was a market that students had little or no knowledge of!

With this in mind, the students did not panic as they hit the internet and started researching. Within 48 hours they had then organised an online research Q&A session with the creative director of the UK's largest Esports gaming platform and consultancy. A real coup for the students and an opportunity that they certainly made the most of.

During their 45 minute session with Nick Westwood who is an ex TV presenter, celebrity reviewer and Esports specialist, they discussed the current market for Esports in the UK and globally, the impact of Covid on the industry and, more importantly for their assignment, the details behind the creation of many of the biggest esports brands globally.

About the company:

Gfinity plc is an international esports company based in London, England. Founded in 2012, it develops and delivers esports experiences and strategies for game publishers, sports rights holders, commercial partners and media companies. Partnerships have included Formula One, the Premier League, Microsoft, Activision Blizzard, Amazon.com, BT Sport and Sky.

Tea-time Concert

Every Wednesday from 5.05pm - 5.30pm in the Chapel

Watch online: <https://intranet.tauntonschool.co.uk/liveevents/concerts/tea-time-concerts>

Support your friends and get inspired!

Concerts run every Wednesday throughout each term, from 5.05pm - 5.30pm

Everyone from Year 9 to Year 13 are welcome. If you would like to perform or find out more information, please see Mr Reading.

Dancing Through the Decades

Parents, family and friends were treated to a history lesson in dance when pupils of Taunton School, Taunton Preparatory School, TSIMS and Taunton School International demonstrated their abilities to 'Dance through the Decades'. Interspersed with short ballet pieces, the students displayed styles ranging from the Charleston to the Commercial, spanning eras from the 1920's to 2020.

With over 75 dancers taking part and many appearing in multiple numbers, it was clear that a lot of time and effort has been spent creating and polishing a show to be proud of!

Lucy Hartland Mann, Dance Teacher

Sport Performance Programme

Despite all gyms closing again in lockdown 2.0 we are very fortunate enough to be able to stay open. This has allowed our Performance Programme to continue to offer strength and conditioning to years 9-13 plus weekly sessions to TPS on a Friday. Years 9-10 have been working through their movement matrix, which includes progressive levels of competency. Students must demonstrate their ability to perform the given exercises with correct technique a certain number of times. In the senior end of the school years 11-13 have been working on an acceleration phase, which aims to improve the students acceleration speed whilst out on the sports field/pitch/court. Sixth form students are also able to book 1:1 or small group sessions within their free periods. Meanwhile I have had a small group on a Wednesday morning attending the Speed session, where we have looked at running mechanics and acceleration drills – all years are welcome! With the vast array of sports clubs throughout the week, there is a recovery session on a Friday morning in the sports hall, or perhaps you may want to join in the core session alongside. Please do get in contact with Mr Thompson if you would like some more information.

Tim Thompson, Head of Strength and Conditioning and PE Teacher

Netball

This week has seen the girls move across from Hockey to Netball to provide a small taster for them ahead of Netball season next term.

Due to the current circumstances, there are a few rule changes that our girls are working through that will allow us to play netball competitively in line with the England Netball guidelines. Running these sessions this term will provide them with a head start for their return to school in January, when our fixtures begin. The girls will have a chance to put this into practise during our internal matches on Saturday 28th November and play some competitive netball before the Christmas break.

Our autumn term has been very successful with over

20 girls attending weekly 1:1 netball sessions to support their progression in netball. We have also been running weekly after school netball sessions throughout the Hockey term. It has been especially important this term that we continue to offer these group and individual sessions as the annual tournaments feeding into schools regional and national play offs have all been postponed, reducing the amount of netball on offer this side of Christmas.

We feel that our netballers are well prepared going into the netball season and can't wait to get them back on court to play competitively.

Sammy Kemmish, Netball Coach

SPORT

Junior House Football Results - 17th November

The year 9 competition results table:

Pos.	House	Pld	W	D	L	F	A	GD	Points
1.	Evans	3	2	0	1	5	2	3	6
2.	Boarding Team	3	2	0	1	6	5	1	6
3.	Marshall	3	2	0	1	3	2	1	6
4.	Goodland	3	0	0	3	1	6	-5	0

Congratulations to Evans who secured the top spot on goal difference.

The year 10 competition results table:

Pos.	House	Pld	W	D	L	F	A	GD	Points
1.	Evans	5	3	2	0	3	0	3	11
2.	Wills	5	2	3	0	4	0	4	9
3.	Marshall	5	2	2	1	4	2	2	8
4.	Fairwater	5	2	1	2	2	3	-1	7
5.	Goodlands	5	1	2	2	3	3	0	5
6.	TSIMS	5	0	0	5	0	8	-8	0

Congratulations again to Evans, who secured top spot in the year 10 competition also. Special mention to the Wills houses who didn't lose a game or concede a goal either.

Matt Reed, TSI Assistant Housemaster

Senior House Football Results - 19th November

The B team Senior house football results are:

Pos.	House	Pld	W	D	L	F	A	GD	Points
1.	Fairwater	5	3	1	1	10	5	5	10
2.	Evans	5	3	1	1	9	8	1	10
3.	Goodland	5	2	1	1	5	5	0	7
4.	Wills East	5	2	1	2	7	8	-1	7
5.	Marshall	5	1	3	1	4	3	1	6
6.	Foxcombe	5	0	1	4	4	10	-6	1

Well done to Fairwater, who won it on goal difference, making Evans a very close second.

The A team Senior house football results are:

Pos.	House	Pld	W	D	L	F	A	GD	Points
1.	Wills East	5	2	3	0	3	0	3	9
2.	Goodland	5	2	3	0	2	0	2	9
3.	Fairwater	5	2	3	0	2	0	2	9
4.	Evans	5	1	2	2	2	3	-1	5
5.	Marshall	5	1	2	2	1	3	-2	5
6.	Wills East	5	0	1	4	1	5	-4	1

Well done to Wills West, who again won it on goal difference, followed by a joint second place of Goodland and Fairwater.

Matt Reed, TSI Assistant Housemaster

SPORT

Taunton School Netball Players Nominated for Elite Squads

15 students from the Senior School will try-out for netball performance pathways this season, including at national level.

Year 13 students Isla May and Tia Chaloner are trialling for Team Bath at U21 and U19 levels respectively whilst Flora Collier has been put forward for the Celtic Dragon U19 team in Wales. Isla has already been identified as a 'critical player' for Team Bath, giving her the opportunity to train with their senior squad. These opportunities mean the students will train and compete at an elite level for their age groups and have the option to progress onto Super League netball. Isla and Flora are also attending trials for the England and Wales U21 national teams – a huge achievement.

Thirteen Year 9 and 10 students have been nominated to try-out for the Somerset Netball County Academy U15 team this season. Many have already successfully completed the first stage of the county pathway, having been selected for the Satellite Academy in previous seasons and are now progressing onto the next stage of performance netball.

All the trials will take place over the next couple of months and will test athletes on their technical and tactical skills as well as their on-court decision making. These aspects are focused on in their one-to-one and group sessions within the school netball programme.

Sammy Kemmish, Head of Netball at Taunton School says "We are very proud to have so many of our netballers trialling and performing at this level – a huge achievement for all of them at the various stages in their netball pathway. Successful or not, exposure to trial at these levels will provide them with invaluable experience. I wish all the girls the best of luck."

Hockey in Lockdown 2

Hockey has been in full flow during the 2nd lockdown, with our girls training hard and continuing to improve, pushing towards what we hope will be a final weekend of competitive external fixtures! The Senior girls have been competing in mixed teams 1sts and 2nds playing as two teams in a range of sporting events over the past 4 weeks. This has ranged from, football, to frisbee, iron woman to hockey where both teams have competed to be the winners. Team white and team blue have built up quite the rivalry but after all events, it was team Blue who accrued the most points! Similar for the 3rds and 4ths who have been competing each weekend in similar games. Our juniors have been playing their year group opposites, so the U14A girls have taken on the 15As and the 14Bs have taken on the 15Bs in some really competitive games!

This week has seen a slight change with our boys coming onto hockey for the week and our girls picking up a netball getting in some pre season practice for the term ahead.

Fingers crossed we get back to one more block fixture this term for the girls in what I am sure will be a great end to a hard working term!

Elliot Foweraker, Director of Hockey

SPORT

Cricket Selection Success

Congratulations to all the players who have been selected for the Somerset County Cricket Club's winter programme following last summer matches and trials during the half term holidays. The players that have been selected are –

Under 14s – Thomas Ford, William Harvey, Ben Mason, AJ McKay, Kian Roberts and Cole Willoughby

Under 15s – Finn Robertson, Logan Dupont

Under 18s – Ollie Heard, Izzy Hogevoid and Joleigh Roberts

As well as county selection Ben Mason, AJ McKay, Kian Roberts and Joleigh Roberts have been selected onto the Elite Player Programme (EPP) and have been having sessions at school during the lockdown period. Once lockdown is reduced these sessions will be at the Cooper Associates County Ground as well as Andrew Griffiths (Pathway Bowling Coach) and Matt Drakeley (Head of Performance Cricket) still coming into school. Above this level Ollie Heard has been selected onto the Potential Somerset Players Programme (PSPP), which sits under the full academy programme. As with the EPP programme this will be a combination of school and visiting the cricket ground. The county programmes are presently suspended but hopefully they will start soon, meanwhile all these players are attending school sessions.

Marcus Trescothick, Taunton School's Cricket Development staff member, who is presently in South Africa with England, as temporary Batting Coach, said before he left "This is excellent news for all the players and it provides them all with an opportunity to progress towards their ambitions of being professional cricketers. I enjoyed working with them before I left, I am hearing good reports of what they are doing in the school programme and relish the opportunity to see them again on my return, Congratulations to them all!"

These players were joined by 6 players from Year 7 and 8 who have also gained county selections, these players were –

Theo Winsor, Oscar Coleman, Jack Blackwell, Luca Gregory, Peter McGivern and Thomas Gendall.

Pete Sanderson, Director of Cricket and Wills East Year 10 Tutor

SPORT

House Hockey Results

Girl's House Hockey was very eventful, with rain and bows wind and lots of smiles had by all!

The afternoon started with the Senior girls which was largely dominated by a huge rainbow and lots of rain, but also a 7 woman Besley team, the girls took no prisons racking up an impressive 15 goals, Rhiannon Lee saving some of her best finishes for her house team and scoring for fun. Closely fought for second place was Weirfield and Jenkin, perhaps the strongest Weirfield team the house has seen couldn't get the job done and dell short in their crucial game 3-1 to Jenkin who seem to have transitioned well from the high hockey coaching Reign of Mrs Rogers firmly into the Evans Era. Important to also mention TSI who despite some losses put on a great display of bravery lining the D up to stop shots with some brave defending and fought hard until the end!

Juniors was a slightly dyer affair with a similar sweep for the U14 Besley Girls clearly they were getting some extra training in with such a close proximity to the Durrant, but they swept their competition despite a last ditch attempt from Woodfield who managed to score the only two goals against them! Bevan and Woodyer fought it out for 4th with Tsims again putting in a shift. The U15 Girls was a very loud affair, lots of house spirit helped Jenkin to a convincing 3 wins, with a muckiest closer fight for 2nd, the boarders team Woodfield took second with Besley missing out by a point in third!

We of course missed a lot of our lovely year 11s and others from the tournament today and we look forward to welcoming them back to hockey for what we hope will be one final girls fixture weekend before we draw a close on one of the strangest seasons to date!

Elliot Foweraker, Director of Hockey
